**2025-26**

**Curriculum drivers**

<b>Oracy</b> To ensure all children have the skill set to be able to express and articulate themselves accurately, confidently and fluently so that they are able to take on any challenge.	<b>Environment/Community</b> Our children will play an active part in the local and wider community, utilising our rich surroundings within their learning and supporting how our community develops.	<b>Independence</b> Through engaging and inspiring learning that we provide, we want our children to become more independent learners, be proactive and strategic and transfer their skills to different areas of learning.	<b>Positive Growth</b> To instill a positive mindset which allows children to build aspirations, empathy towards others and opportunities for their future lives; it supports their resilience so that they take chances, learn from failures and deepen their skillset and understanding.
