

OPAL NEEDS!!!

Please could you spare
a clothes peg? The children are now really
building and need pegs of all
to fix their tents.

getting into den
shapes and sizes

Kitchen appliances – if you have an old toaster, microwave or
kettle for example – let us know – this could be very useful for
our mud kitchen.

Do you work for a company that uses pallets, electrical reels, tyres
(tractor tyres would be great) or crates which are thrown out? STOP
throwing them out and give them to us. The children love these for their
building projects, and we can use them to make even more great things
for the children to enjoy.
