

## Thomas Willingale School and Nursery Attainment and Progress 2018

At the end of a school year, we are judged against National figures for attainment and progress. Please find below the 2018 data summaries for Year 6 and Year 2.

We are pleased that our Year 6 children achieved in line with or better than national standards in all subjects. This is an improvement on previous years and is a credit to the children and staff's hard work over the year.

Progress measures are also indicating an improvement on previous years.

Year 2 data is showing we are in line with national data in most subjects.

In addition to the data listed below 71.7% of our Reception children reached a Good Level of Development – this is an indicator for future success. This is similar to the national of 71.5%.

76.3% of our Year 1 children passed the phonics check and 91.7 of Year 2 children who retook the phonics check passed. This means 98.3% of Year 2 children have achieved the phonics threshold within the last two years.

**Well done to all of our children, we are very proud of them.**

**KS2 results (End of Year 6):** (The combined result is taken from the number of children reaching the expected standard in reading, writing and maths. It uses the test results for reading and maths and the teacher assessments for writing. )
